

TAIWO OPESADE

Aspiring Software Engineer — Technology Degree Apprentice

London, UK · taiwoopesade@gmail.com · [linkedin.com/in/taiwo-opesade](https://www.linkedin.com/in/taiwo-opesade) · github.com/TaiwoOpesade ·

PROFILE

A-Level Computer Science, Business and Economics student building practical software experience through independent Python projects and a public GitHub portfolio. Combining technical grounding in CS with commercial context from Business and Economics — well suited to Digital & Technology Solutions apprenticeships that blend engineering delivery with client and business understanding. A collaborative, adaptable communicator, shaped by client-facing work placements and experience tutoring and supporting others through unfamiliar material — quick to learn new tools, organised, and reliable under deadline pressure.

PROJECTS

TaiGuide — Revision Tracker — Personal Project (Python)

- Built a desktop revision tracker using Python and CustomTkinter, covering entire AQA Computer Science, Edexcel Business and Edexcel Economics specifications
- Implemented JSON-based data persistence so progress is saved and reloaded between sessions.
- Designed animated progress bars, hover effects and an interactive quiz flow to make revision tracking engaging.

Job Listing Tracker — Personal Project (Python)

- Developed a job listing tracker that pulls live vacancies via the Adzuna API into a CustomTkinter desktop GUI.
- Structured the codebase with a modular, single-responsibility architecture (api.py, storage.py, main.py) and JSON-based storage.
- Managed API credentials securely using python-dotenv; built with GitHub publication in mind.

Personal Portfolio Website — taiwoopesade.github.io

- Built and maintain a personal site showcasing projects, CV and GitHub activity to a professional standard.
- Git version control implementation — (Across all projects)

PLACEMENTS & WORK EXPERIENCE

Technology Placement — Capgemini, London 10 July 2026

Technology Placement — IBM, London 14th July 2026

Technology Placement — DiscoverTech, London 17 July 2026

Technology Placement — SMBP Wise Week (Bupa, IFM Investors, SoHo House, Hill Dickinson) 27–31 July 2026
